### **SLO County Elections Office to be Open on Saturday, November 2**

*Elections Office also releases official list of polling locations and precinct numbers for November 5*

San Luis Obispo, CA—The SLO County Elections Office will be open from 9:00 am to 1:00 pm this Saturday, November 2 to assist voters with obtaining replacement Vote-by-Mail ballots and to answer questions in advance of Election Day. Additionally, anyone who isn't already registered can register to vote on site and cast their ballot immediately.

The Elections Office is usually open the Saturday before Election Day so that county residents who are unavailable during the work week can come in and get help with registration or voting. In addition, this year, the Clerk-Recorder staff will be on hand to help with vital records requests – another service that is typically only available during business hours Monday through Friday.

While the Elections counter will be open in the Government Center lobby on Saturday, there will be work going on in the back of the Elections Center as well. Staff are planning to process and tabulate returned Vote-by-Mail ballots during the hours that the office is open.

The public is welcome to observe the processing and tabulation activities, though room is limited, so observation will be subject to space availability. Anyone who would like to observe must check in at the counter first and receive observer credentials.

Finally, the Elections Office has also released the official list of precinct numbers and locations for voting on Tuesday, November 5, along with the addresses for each. The list is attached here.

The SLO Elections Office is located in the Katcho Achadjian County Government Center at 1055 Monterey Street in San Luis Obispo. Anyone with questions about voting, observing, or elections processes can call (805) 781-5228 or email [elections@co.slo.ca.us](mailto:elections@co.slo.ca.us). The Elections Office recommends that observers call ahead to confirm what processing and tabulation activities will be happening on any given day.

###
